EDUCATION

IKGPTU

Bachelor of computer science
GPA: 7.59

2022 - 2025

HSBTE

Diploma in computer science
2018 - 2021

SKILLS

- JavaScript, ES6+
- React.js, Redux Toolkit
- Node.js, Express.js
- MongoDB, Mongoose
- GSAP (Animation)
- REST APIs, JWT Auth
- Git & GitHub
- Basic AWS
- Socket.IO
- Material UI
- Postman, VS Code
- Atlas
- Cloudinary
- Vercel | Render

LANGUAGES

- English
- Hindi

BEHAN KUMAR

FULL-STACK WEB DEVELOPER (MERN)

PROFILE

Full-stack MERN developer with hands-on experience building and deploying real-world applications. Skilled in creating scalable, user-focused solutions with React, Node.js, Express, and MongoDB. Eager to apply problem-solving skills, learn quickly, and grow within a collaborative development team.

WORK EXPERIENCE

Full-Stack Web Developer - Pairly (MERN Stack)

Remote | Jan 2025 - Present

- Developing and maintaining Pairly, a real-time pair-programming and chat application - [pairly.chat](#)
- Built with MongoDB Atlas, Express.js, React, Node.js, Socket.IO, and Redux Toolkit
- Deployed frontend and backend across Vercel, Render, and Atlas for high availability
- Continuously improving UI/UX, performance, and adding collaboration-focused features
- Implemented secure auth (JWT), REST APIs, and scalable MongoDB models

Brandora Agency - Full-Stack Web App

Personal Project | 2025

- Designed and developed a modern digital agency website using React, Material UI (MUI), and GSAP for animations
- Added an interactive background video for a dynamic and engaging user experience
- Built and deployed frontend on Vercel with fully responsive layouts
- Developed backend APIs using Node.js and Express, hosted on Render
- Used MongoDB Atlas to store and manage data for contact forms and service listings

INTERESTS

- Exploring and experimenting with new technologies through R&D projects
- Brainstorming and prototyping innovative app and product ideas
- Enjoy researching how things work and applying findings to real-world solutions
- Staying up to date with emerging trends in web development and technology
